

Tapescript BW 3.2 Listening 1

Part 1

I work for Electix UK Limited. This company manufactures electronic products for industry but we are better known for our products made for private consumers. The company has 22 factories in England and Scotland. We sell our products in retail outlets all over Britain.

Electix UK Ltd is a subsidiary of Electix (Anglo-French), which is a multinational company with its headquarters in Rennes, in France. We employ 403,900 staff throughout the world and we have a turnover of 560,240 million ECUs.
